The United Nations World Food Programme (WFP) is the world’s largest humanitarian agency, fighting hunger worldwide. The mission of WFP is to help the world achieve Zero Hunger in our lifetimes. Every day, WFP works worldwide to ensure that no child goes to bed hungry and that the poorest and most vulnerable, particularly women and children, can access the nutritious food they need. In emergencies, WFP gets food to where it is needed, saving the lives of victims of war, civil conflict and natural disasters. After an emergency, WFP uses food to help communities rebuild their lives. On average, WFP reaches more than 80 million people with food assistance in 80 countries each year. The organization has the global footprint, deep field presence and local knowledge and relationships necessary to provide access to food and contribute to lasting solutions, especially in many of the world’s most remote and fragile areas.
